

Christmas Greetings

Many thanks for your kind welcome this year and for the support and encouragement of my work in JPIC. It has been a pleasure getting to know you by visiting the Friaries, sharing meals and a few drinks throughout the year. The expertise and wise counsel of all Friars with whom I have met and worked with is appreciated.

I am looking forward to visiting you and to working with you in 2009. May we all be inspired by the vision of a more just world to foster a culture of peace and to work towards justice. May we be encouraged and motivated to develop ways to live in harmony with creation.

Wishing you peace and all good for Christmas and may 2009 be filled happiness and joy.
